OBJECTIVE

Detail-oriented and analytical aspiring Data Analyst with strong foundation in Excel, SQL, and data visualization tools. Passionate about transforming raw data into meaningful insights to support data-driven decision-making and business growth. Seeking an opportunity to apply analytical skills in a dynamic organization.

Skills & Abilities

- **Data Analysis Tools:** MS Excel (VLOOKUP, Pivot Tables, Data Cleaning), Power BI, Tableau
- **Database Management:** SQL, MySQL, Oracle 10g, Firebase
- **Programming:** Python (Basics), C, C++, Java
- **Web Technologies:** HTML, CSS, JavaScript
- **Other Skills:** Data Cleaning, Data Visualization, Problem Solving, Analytical Thinking

EXPERIENCE

Intern – Software Developer in C#.NET (05/2019 – 06/2019), Tecspeak IT Solution, Sangli, India

Project: Medical Store Management

- To efficiently manage inventory, streamline sales processes, and improve customer service.
- Provide real time tracking, accurate billing and informed decision making.

Trainee – Web Developer (11/2023 – 11/2023), TechnoHacks EduTech Pvt. Ltd., Nashik, India

Project: Hospital Management System (HTML, CSS, JavaScript, PHP, SQL)

- Developed web-based system to managing hospital operations.
- Improved inventory accuracy through structured database integration.

Academic Project – Street Light Management System using IOT(**Python, Raspberry pi)**

Aim: Developed to reduce energy consumption, provides a sustainable and efficient solutions.

To optimize energy efficiency, reduce costs, and enhance safety.

PROJECT

Sales Data Analysis (Excel Project)

- Cleaned and transformed raw dataset by handling missing values and duplicates .
- Used Pivot Tables and charts to identify sales trends .
- Generated insights on top-performing products and monthly performance

Customer Data Analysis (SQL Project)

- Wrote SQL queries using JOIN, GROUP BY, and aggregations
- Analyzed customer behaviour and segmentation.
- Derived insights to improve customer retention strategies .

Skin Care Product Sales Dashboard (Power BI)

- Created an interactive dashboard using Power BI to analyze skincare product sales data .
- Cleaned and transformed raw dataset using Power Query.
- Built visualizations like bar charts, pie charts, and KPIs to track sales performance.
- Analyzed top-selling products, monthly trends, and customer preferences.

EDUCATION

B. Tech – DBATU Maharashtra, Batch: 2026

Percentage: 65.88%

Diploma – MSBTE Maharashtra, Batch: 2020

Percentage: 88.57%

S.S.C – Kolhapur Board, Batch: 2017

Percentage: 89.80%

CERTIFICATIONS

- Power BI – Drag, Drop & Visualize, ZScore Academy (2026) ✅ *(NEW – must add)*
- Tecspeak Internship Certificate
- MSME IoT Workshop Certificate
- Software Testing Internship – Tweak Technologies

HOBBIES

Coding and exploring new technologies, Listening technologies and self-improvement podcasts.
